

MEET THE TEAM

William Luxford, MD
Neurotologist

Since 1981, Dr. Luxford has had the opportunity to care for patients with a variety of hearing and balance conditions. One of his great pleasures is seeing patients he carried into the operating room as infants to return to see him as university graduates.

Kevin Peng, MD
Neurotologist

After his clinical fellowship at the House Clinic in 2017, Dr. Peng has dedicated his practice to helping both adult and children patients hear better. His passion for neurotology stems in part from his interest in music and languages.

Gladys Diaz-Garcia, AuD
Pediatric Audiologist

Dr. Diaz began her career as a clinical audiologist in 2017. Her areas of interest include early identification of hearing loss in infants and assisting families in acquiring the appropriate services needed to facilitate communication skills.

Erin E. Maierle, AuD, ABAC
Pediatric Audiologist
American Board of Audiology Certified

Dr. Maierle has been providing comprehensive hearing healthcare to patients of all ages in the greater Los Angeles area for the past 15 years. She specializes in program design and implementation, implantable hearing devices, and hearing conservation.
